- ✓ **EXEMPT SOCIAL SECURITY PAYMENTS FROM TAXES** — We have earned this right after decades of working and paying taxes into the trust fund.
- ✓ **REDUCE MEDICARE PREMIUMS FOR PART A AND PART B** — Annual premium increases wipe out much of the inflation adjustment.
- ✓ **MAKE OUR STREETS SAFE** — We must fund Police and assure laws are followed and enforced.
- ✓ **ADJUST SOCIAL SECURITY FOR INFLATION QUARTERLY** — A yearly after-the-fact adjustment for inflation does nothing to aid Seniors during this period of Biden's runaway spending. We must adjust Social Security payments more frequently.
